March 2021

Hello to all BMS Families!

It is hard to believe, but we are entering the 4th and final grading period for the 2020-21 school year. This school year began with such uncertainty, but we have been able to work together as a school district and community to offer in-person learning 5 days per week for most of the school year. Our work is far from complete as we continue to prepare both our in-person and remote learners for upcoming Ohio State testing. Although the state tests do not represent all of what is important at BMS, these assessments do offer us a barometer to gauge where our students are at each year in their progression through English and Math, as well as select grades in Science. You will find testing dates below. I previously sent an email to all remote families to gauge whether or not you are comfortable and able to send your BMS remote learner into the building for testing in April and early May. If you have one or more remote learners in your family, please respond to that email by completing the Google Form. The link for the Google Form is found within the email. Remote families only need to respond once.

Need information?

Check out the school website. Here you will find the staff directory, breakfast and lunch menus, daily announcements, important dates, and more. Go to Ravennaschools.us. You can find Brown Middle School under the Schools tab. You can also monitor your student's grades and attendance on Home Access Center (H.A.C.) from the Quick Links tab.

After-School Tutoring Program

Brown Middle School offers a free after-school tutoring program for all BMS students. Tutoring takes place in the library on Mondays and Thursdays from 3-5pm. Transportation home is provided if needed. This is a great opportunity for your student to get a little extra help! Please call the school if this is something in which you want your child to participate.

Students must bring their chromebooks to school each day along with the charger. If a student forgets the computer at home, they will be asked to call home for the device to be brought to them. Also remember, as the weather warms up, water bottles are a must! Please make sure your student brings one with them each day.
