

## School Attendance

Ohio law mandates, under new House Bill 410, that a child who is absent from school for 30 consecutive hours, 42 hours in one month, or 72 hours in one school year is considered truant and excessively absent. This law also applies to students who miss an excessive amount of school even if an excuse is given.

After a student is considered truant and excessively absent an intervention plan will be put in place with parental involvement. If attendance does not improve within 60 days from the intervention plan then truancy charges will be filed.

We ask that you make attendance a priority for you and your child. It is important that if your child is going to be absent from school you call him or her off by 9:00 am at (330)297-1744. Please send in a written note with your child the following day when they return to school.
